American Yiddish Radio Hour: 1920-1960

Wednesday, June 23, 1:00 pm

The history of Jewish radio stations was an important part of the American experience especially for the immigrant population. The radio was the single most important device in the first half of the 20th century that allowed everyone to listen to anyone in the privacy of their own living room. Jewish musicians and singers used the radio as a vehicle to become famous and sound American on the airwaves ultimately making them super stars of their time. The lecture will include vintage recordings of famous singers from Second Avenue and commercials in Yiddish advertising Ajax, and delicious Gefilte fish. This is both an entertaining and educational lecture taking the listener on a tour of Jewish radio in New York City including WEVD and WHN.

Free for virtual members, no registration required
\$10 per ticket for non-members
